Complain of Bad Bridge Work

The following was handed in today for publication by W. L. Ashe, and was accompanied by two photographs showing the bridge in question, says the Santa Rosa Republican, of October 5th:

"Glen Ellen, Cal., Oct. 3, 1908.
"Robert P. Hill, Esq.,
"Member Grand Jury, Sonoma County:

"Dear Sir:—The undersigned citizens and taxpayers of Sonoma county beg that you call to the attention of the grand jury of Sonoma county the following facts:

"A contract was let by the Board of Supervisors of Sonoma county for the construction of a bridge across Sonoma creek on what is known as the new road leading from Glen Ellen to Graham canyon.

"We desire to call your attention that the south abuttment of this bridge is located forty-seven (47) feet north of the south bank of Sonoma creek and is built on a gravel bed over ten (10) feet deep and no attempt has been made by the contractor to get a foundation on hard pan, as the plans and specifications call for. The concrete work on the abuttment is a disgrace; in fact the southwest wing wall, which will have to stand the pressure of high water is already cracked and liable to fall when the least pressure comes against same.

"No attempt has been made to secure the plates upon which the weight and strain of the bridge comes.

"The bridge has not been constructed in compliance with the plans and specifications on file with the clerk of the Board of Supervisors.

"The contract is for seventy (70) foot bridge. The bridge constructed is eighty-one feet six inches (86.6). The contract price $3443 00.

"The contract calls for an abuttment built 33 feet on the south end. The abutment built is 10 feet. On the north end, 29 feet, the abutment built is 6 feet. The contract calls that the work be done in a workmanlike manner. The work shows that it has been done in anything but a good and workmanlike manner.

"This bridge should not have cost the county more than $2000. A similar bridge was constructed in Yolo county by the county surveyor, 100 feet long, for $1685.00 A stone bridge 130 feet, arch, in Napa county cost $3327.00.

"There is an abundance of material very near with which to construct a stone or concrete bridge, and we believe a stone bridge could have been built for less than this bridge, with its plank floor, which will always be an expense to the county.

"The grand jury's attention is called to the report of the Board of Supervisors of Santa Clara county, 1908, in regard to bridges built in that county, also to the report of Department of Highways, 1899, in regard to bridges.

"We beg that the grand jury of Sonoma County make an investigation of this matter.

"J. T. MEDDOCK,
THEODORE WAGNER,
"W. L. ASHE."

Thirty days for furnishing a half-breed Indian a drink of red wine was the punishment meted out to one Richard Murray in Justice Raymond's court in Healdsburg on Monday morning.

Bankers Meet

There was a largely attended meeting of bankers in Santa Rosa on Monday night, representing the Ninth District Clearing House Association, and embracing some sixty banks in the counties of Sonoma, Marin, Napa, Mendocino, Humboldt, Solano, Lake and Del Norte.

At the last meeting of the State Bankers' Association it was decided to divide the state into ten districts for clearing house purposes and to facilitate business in this way. C. B. Shaw of Cloverdale, Frank A. Brush of Santa Rosa and S. J. McKnight of Petaluma were named a committee to bring about the organization of the Ninth District. This was the purpose of Monday night's meeting at which F. A. Brush presided.

Much routine business was discussed and representatives were named. Frank H. Denman of Petaluma was named as the representatives from the Ninth District to the Central Association which meets in Oakland on October 13. On the board of directors each county in the district will have representation.

Superior Court Notes.

A resume of the calendar day proceedings in the Superior Court on Monday is as follows:

In Judge Denny's department Lillie B. Ripley was named guardian of the estate Leroy Ripley et al, in a bond of $100 to each minor.

Emile Bachman was named guardian of the estate of Julia Bachman, in a bond of $600.

The final account of the estate of Mary Pohley was settled and allowed and distribution was ordered.

The final account of the estate of Mary Bachman was settled.

Mary E. McKinstry was named administrator on the estate of Henry H. McKinstry, in a bond of $1400.

The final account was settled and distribution ordered of the estate of Herman Bachman.

The estate of the late William Unwiller was set aside to the widow.

Eleanor Skillman was named guardian of the estate of George Van Ness Skillman, in a bond of $200.

A decree was granted quieting title in the suit of J. E. Karnes vs. Addie A. Rapplyea.

The insurance suit of Davis vs. Connecticut Fire Insurance Company was reset for trial for November 17.

These matters were continued: California Fruit Canners' Association vs. Frank Perry, to Oct. 12; estates of C. [illegible] and Martin Farrell.

The final account was settled and distribution ordered of the estate of Alex Mirabel.

In Judge Denny's department the demurrer in the suit of Frank E. Cherry vs Henry Holst et al, was overruled.

The motion to dismiss the action was, after argument, submitted in the suit of La Forest J. Humphrey vs. Eliza A. Humphrey.

The insurance suits of Frank Loomis and M. Rosenberg vs. Connecticut Fire Insurance Company, was set for Dec. 1, and Dec. 15.

The suit of R. D. Dixon vs. W. L. Whittaker was set for Dec. 4.

These matters were continued: Vannucci vs. Richards et al., Marks vs. Fyfe, Gotzsch vs. Gotzsch, Boin vs. Boin, O'Brien vs. Batchelor, to October 12.

Detention Home

At the earnest solicitation of the County Probation Committee the Board of Supervisors on Monday set apart a place, outside of the county jail, for a temporary detention home, where wayward boys and girls who fall into the clutches of the officers can be cared for, during investigation, without having to be taken to the jail.

The Supervisors accepted the proposition of Deputy Sheriff and Jailor Joe Barry and Mrs. Barry to turn their residence into a detention home where wayward youngsters can be cared for and Mrs. Barry was named detention officer. The agreement for the care of the children was explained to the board by Assistant District Attorney George W. Hoyle. The remuneration will be twenty-five cents per meal, or one dollar a day for room and board, not to exceed five dollars a week, and where children are in the home for a month it will not exceed fifteen dollars a month. Knowing the care and attention the youngsters will receive in the hands of such good people the Supervisors and Probation Committee are well satisfied with the arrangements made.

To Be or Not To Be

J. K. Bigelow, Republican Supervisorial candidate for this district has been accused by three self-styled Republicans of repudiating the Republican platform and making one of his own instead. If that be true (which it is not) then it throws the Republican party into a rather awkward position.

Mr. Bigelow's statement of principles, as every voter in the district knows, is in substance as follows: 1. A square deal to all, 2. No more road houses, 3. Honesty in public office, 4. No one man job on county roads. Apropos the following has been handed to us for publication:

SOLO AND THE ANVIL CHORUS

Place: Anywhere on the streets of Sonoma; Scene: Board side walk with rat hole in rear; Dramatis Personæ: J. K. Bigelow and the Little Three.

J. K. B.—I believe in honesty in public office.

Little Three:—WE Republicans will never stand for that.

J. K. B.—I believe in giving a square deal to all.

Little Three:—Horrors! That's treason against the Republican platform.

J. K. B.—I believe that all citizens, no matter of what nationality or political creed, should be given an opportunity of working on the county roads if they so desire.

Little Three:—Fire him out of OUR PARTY, he's against our for-revenue only policy. Why that man would favor making bribery a crime!

J. K. B.—I think 68 saloons in this supervisorial district is a great plenty.

Little Three:—Horrors! O Woe! Woe! Woe! only 68 and no more! Would he have us die of thirst.

Exit Little Three, in despair, through rat hole in rear, which slowly disappears.

A dainty little babe has arrived at the home of Mr. and Mrs. Duncan E. McKinley, Jr. in Oakland, and the little guest is being made welcome This makes Congressman and Mrs. McKinley grandparents.

Our Best Fertilizer

Intelligent and successful tillers of the soil the world over, have always recognized the folly of allowing their land to become impoverished and have been constant users of good fertilizers.

It will therefore be of interest to the farmers generally to know that the cheapest and best fertilizer in the world to-day is nitrate of soda found in Chili, S. A It has been repeatedly proved that the use of from $2 to $3 worth of nitrate to the acre has produced an increase in the crops of from 70 per cent to 300 per cent according to the soil and the crop raised.

The greater yield that comes from the use of nitrate of soda, far exceeds the expense and labor of putting it on the land.

Mr. James A. Landsborough, a former well known citizen of this valley, is an expert on the use of nitrate, and will cheerfully and freely furnish any information desired on the subject. He has about twenty tons of the nitrate on hand now and more shipments are being made each week.

For full particulars as to prices etc., call on or address James A Landsborough, importer and wholesale and retail dealer in nitrate o soda, Shellville, Sonoma Co., Cal.

A. E. Sondag, th Tailor,

A. E. Sondag, the tailor, formerly of Sonoma, was in the valley this week taking orders for men's tailor-made suits. Mr. Sondag and family are temporarily located in Fruitvale, but the former expects to get permanent quarters for his tailoring establishment in the metropolis, in the near future. For many years he has enjoyed a liberal patronage from this valley and his work always gives satisfaction. Mr. Sondag will make regular weekly trips to the valley and solicits a share of he trade. Give him a trial orde for a good suit and you'll be satisfied, cll

Interesting Mass Meeting

A goodly number of our enterprising and public spirited citizens met in the assembly room of the City Hall last Monday evening to consider the proposition of giving substantial encouragement to the managers of the Pacific Industrial College, who have about decided to locate their college in beautiful, nature-favored Sonoma Valley. They have decided to move from Healdsburg where the big school has been located for about thirty years to a place where they will have more room for expansion and development. Mr. Covell, one of the managers of the institution addressed the meeting and told of the objects and plans of the college which has now an enrolment of 250 students in the various courses. It is the intention of the Board of Directors, in addition to the regular school courses to establish as soon as possible, a creamery, a cannery and a sanitarium built on the same plan as the famous St. Helena Sanitarium.

The Directors expect to spend about $200,000 here in the equipment of the college and its auxiliary plants in the next two years. This will mean much to the material prosperity of this city and valley.

Thos J. McGimsey acted as chairman of the meeting and was authorized to appoint a committee to make an investigation and devise ways and means of assisting the school to establish itself here. Mr. McGimsey will announce the committee later.

Senator Price Here

Senator Walter F. Price came down from the county seat Monday afternoon and spent the remainder of the day renewing old acquaintances in Sonoma. While here he was interviewed by the Expositor man and stated among other things that an option had been secured on the famous Armstrong Grove of big trees in the western part of Sonoma Co. It is Senator Price's intention to introduce a bill in the Senate during the meeting of the next State Legislature, providing for the purchase of the grove by the state to be kept as a Natural State Park. The idea is a spendid one from any point of view you desire to look at it and no doubt will meet with the hearty approval of all right thinking people. We are glad that the matter is in the hands of Senator Price because he has the habit of getting what he goes after and that will insure what the state needs, a natural park, and at the same time preserve forever to be enjoyed by future generations that modern grove of giant redwoods. All success to you, Senator, in your noble efforts.

Was Fined $25.

A few days ago a man by the name of Guiseppe Silvestrini was arrested by Dep. Sheriff Ryan in Kenwood for the theft of a bicycle. He had endeavored to raffle off the said bicycle. Chas. Bonardi of this city held the lucky number, 31, and the accused concluded to take back the wheel and raffle it off again, raffling apparently being profitable if the object of the raffle be not relinquished. Mr. Silvestrini was tried before Judge Small on Monday, found guilty and sentenced to pay a fine of $25 or go to the county jail. He paid the fine.

Lord Has Moved

H. F. Lord, the tailor, has moved from Broadway to the Yenni Building on Napa St., adjoining the Western Union Telegraph office. Mr. Lord will continue to make satisfactory suits at satisfactory prices. See his ad in these columns.

Trustees Meeting

All members were present at the regular monthly meeting of the Board of Trustees in the City Hall last Wednesday evening. The following bills against the city were audited and ordered paid:—G. Raneri, labor, $11; G. Guindolin, labor, $6; L. H. Green, lumber, $18.55; S. H. Haven, mdse., $25.55; F. M Slater, labor, $10; E. E. Harris, work, $6; John Walker, labor, $11; Gus. Toschner, decorating, $5; J. H. Albertson, salary, etc., $26; P. G. Keil, repairs, $3 25; Mrs. L. V. Emparan, water, $15; H. Pooler, labor, $5.50; John Jakob, labor. $8; C. Getchner, labor, $4; E Calzascia, labor, $6; R. Quartaroli, labor, $54; C. Shearer, specifications, $17.40; L. Breitenbach, labor, $10; R. A. Poppe, salary, etc., $70.40; M. Trottman, labor, $3; G. H. Hotz, mdse., $1.85; G. Rossi, labor, $5; G. Parmento, labor, $2; E. Marzucci, labor, $6; W. F. Wilson, labor and material, $12; C. E. Johnson, moving, $5; Sonoma Valley Co, lighting, $51.40; H. Castagnasso, street sprinkling, $85.05; F. Duhring, mdse., $3.20; J. B. Small, salary, etc., $76.25.

The petition of John Buletti for a renewal of his liquor license at the Swiss Hotel, was granted. Permission was asked and granted to use the lower floor of the City Hall for election purposes on Nov. 3. The clerk was instructed to draw a warrant in favor of Mrs. M. T. Stearns to pay off one City Hall bonds and the interest due. Bids for the construction of a stone bridge across Nathanson creek on Napa St., were opened C. Shearer bid $1450 and C. Minelli, $1350. Action on same was postponed until next Monday evening when the Board will hold an executive session.

Fire at Eldridge Home

At about 9:15 o'clock Monday morning smoke was seen issuing from the roof of Madrona Hall, a two-story building back of the main building of the Home for the Care and Training of Feeble Minded at Eldridge. An alarm was immediately sounded and all hands turned out to fight the flames. An ample supply of water together with the quick and efficient fire department soon put out the flames before any great damage was done. The lower floor of the building is occupied as bakery and other shops and the upper floor as a dormintory for the lady attendants, some of whom were in bed at the time, having been on night watch the night before. They all escaped in a hurry. Most of the damage was done by the water, a liberal use of which prevented a spread of the flames.

The fire was caused by a defective flue. The loss is estimated at between $4000 and $5000.

Won Match Race

A crowd of interested spectators witnessed a fine match race between that old race horse, Batidor, rode by the veteran jockey, Jimmie Burns, and Jack-of-the-Rocks a thoroughbred, at the Petaluma race track last Friday, Oct. 2. Jimmie won the race more through a jest than good judgment. "Bat" won by twenty lengths much to the delight of his owners and backers.

They Don't Like It

A few Democratic politicians from Santa Rosa have excited the ire of a number of prominent Republicans in this valley who have for years assisted these same Democrats to secure the positions they now hold. They, the Republicans, don't like it a little bit to have these Democratic friends come down here and try to knock their favorite Republican candidate for Supervisor in this district, J. K. Bigelow. A word to the wise is sufficient. See?

Masquerade Ball

The Masquerade Ball in Union Hall, last Saturday evening, was a delightful success in every way. A hundred invitations were sent out and all seem to have met with a hearty response. The pleasure kept up until the wee small hours of the morning.

Harvest Festival

The annual Harvest Festival of the M. E. Church will take place in the church parlors, this Friday evening. A varied assortment of produce will be sold at vendue. Everybody invited.

Campaign Meetings

The Republican and Democratic County Campaign Committees held a meeting in Santa Rosa Monday evening and determined upon the times and places when each set of candidates should visit certain sections of Sonoma county in the interest of their respective tickets. Arrested For Forgery

The preliminary examination of A. Manini arrested in Napa for passing forged checks, took place before the Justice of the Peace here last Tuesday afternoon.

Dist. Attorney Clarence Lea, Court Reporter Scott and Interpreter De Bernardi came down from the county seat to attend the trial. Atty. Ed. Bell of the firm of Bell and Bell of Napa represent the accused.

Most of the afternoon was spent in examining the complaining witness in the case, John Ambrosini, proprietor of the Roma Hotel in this city. It is believed that the defendant has associated with in the business of passing forged checks, his wife and a friend by the name of Maggiori. It is alleged that they passed checks on the Bank of California, in San Rafael, Napa and Sonoma. The further hearing of the case was postponed until tomorrow Saturday, afternoon at 1 o'clock.

High School Meeting

The Board of Trustees of the Sonoma Valley Union High School met in the school building on Broadway last Saturday afternoon. A number of improvements on the building and grounds were decided upon and the same will be carried out at once. Bids were asked for the work. Among the improvements contemplated are a fire escape, fire apparatus, electric lighting of the building and the laying of cement walks about the building.

Camping on Coast

A jolly crowd from this valley have gone to Dillon's Beach on a camping trip for a few weeks The party consists of Mr. and Mrs. F. Leidecker, Will Clement, Mr. and Mrs. J. H. Murray, Jack Watt, Katie Watt, Mamie Marcy and May Watt.

Benefit Ball

The many friends of C. T. Farley, the proprietor of the Kenwood Hotel, who lost everything in the recent fire there, have arranged to give him a grand benefit ball in Glen Ellen Saturday evening. The affair promises to be liberally patronized.

Hurt His Hand

Dr. Leix found it necessary to amputate the first joint of the third finger on Raymond Solomon's hand yesterday. The boy accidently got his hand caught in a job press which squeezed it severely.

Our Turn Next

For the past twelve years the Supervisor representing this district has resided on the other side of the mountains. Turn about is fair play and we contend that it is Sonoma Valley's turn now to have the Supervisor on this side. J. K. Bigelow is the man we want. He has all the necessary qualifications for office in a marked degree and would make an ideal Supervisor, even his opponents admit that, Vote for J. K. Bigelow and the best interests of the district.

Ladies, Attention!

All ladies intending to contribute recipes to the cook book now in preparation by the Ladies Aid Society are kindly requested to bring in their contributions not later than Wednesday, Oct. 14th.

FACE TO FACE.

A New Problem For Women.

In the looking-glass a woman often sees wrinkles, hollow circles under the eyes, crow's feet—all because she did not turn to the right remedy when worn down with those troubles which are distinctly feminine. Backache, lassitude, nervousness and the pains and drains of womanhood bring such untold suffering that the face is sure to show it.

Every woman, young or old, is well protected from the blues, nervousness, backache, and the many symptoms of disease so prevalent among our women—if they will conscientiously take Doctor Pierce's Favorite Prescription, a safe and sure remedy for the ills of womanhood, because it contains not a particle of alcohol, digitalis or any deleterious drugs. Weak women are made strong and sick women are made well by this splendid prescription which was used by Doctor Pierce in his large private practice in the specialty of women's diseases. Every woman troubled in this way should write him about her case, care of Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Many times women call on their family physicians, suffering as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he assuming them to be such, prescribes his pills and potions. In reality they are only *symptoms* caused by some womb disease. The physician ignorant of the *cause* of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause*, would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said that "a disease known is half cured." In cases almost innumerable, after all other medicines had failed to help and doctors had said there was no cure possible, the use of Dr. Pierce's Favorite Prescription, supplemented, when necessary, by the medical advice and counsel of Dr. Pierce, has resulted in a perfect and permanent cure.

THE SECRET OUT.

To refute the many false and malicious attacks, bogus formulæ and other untruthful statements published concerning Dr. Pierce's Family Medicines, the Doctor has decided to publish all the ingredients entering into them and place the same on the wrapper inclosing each bottle. The exact working formula for making these medicines cost Dr. Pierce and his collaborating Chemists and Pharmacists many years of study and experiments, but as perfected they produce almost perfect pharmaceutical compounds, embodying all the active, medicinal principles residing in the ingredients employed, and preserving them perfectly for any length of time and in any climate without the use of a drop of alcohol.

Pierce's Pleasant Pellets These are the **Original Little Liver Pills**, first put up over **40 years ago**, by old Dr. R. V. Pierce. They've been **much imitated** but **never equaled**. Smallest, easiest to take and best. They're tiny, sugar-coated, anti-bilious granules, a compound of refined and *concentrated* vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. *Permanently* cured, too. By their mild and natural action, these little Pellets gently lead the system into natural ways again. Their influence *lasts*.

BREVITIES

A Sebastopol apple packing house has received an order for 15,000 boxes of apples to be shipped to Australia. The expectation is the price will be about $3 per box

The creamery at the University Farm at Davis which opened on Sept. 1st is proving very satisfactory and is working into regular lines as much as if operated in a commercial way.

Cars of Lodi Tokays are commanding from $700 to $2000 in the Chicago markets.

Gridly, Butte county, has an 11-months-old calf giving milk. A local paper, in speaking of the incident, says that the calf gives about a pint at a milking, showing 5.6 pounds of butter fat. Either the calf or the newspaper is doing exceedingly well to get over five pounds of butter fat out of a pint of milk.

The principal objection which has been urged against the use of hop picking machines, which have been tried this year for the first time, is that the machine wastes considerable quantity of the hops. It is thought this can be overcome, however, and many predict that hand picking is a thing of the past.

For Chronec Diarrhoea.

"While in the army in 1863 I was taken with chronic diarrhoea," says George M. Felton of South Gibson, Pa. "I have since tried many remedies but without any permanent relief, until Mr. A. W. Miles, of this place, persuaded me to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, one bottle of which stopped it at once." For sale by L. S. SIMMONS.

The Petaluma branch of the Sonoma County Co-operative Association has withdrawn from the county organization because the Petaluma people felt they could market their product to better advantage.

Lame Back.

This ailment is usually caused by rheumatism of the muscles of the small of the back, and is quickly cured by applying Chamberlain's Liniment two or three times a day and massaging the parts at each application. For sale by L. S. SIMMONS.

If every poultry keeper would make a practice of separating the males from the females as soon as the hatching season is past there would be less bad eggs going to market during the hot months. It is the fertile eggs that spoil.

Portland recently had a glut of fresh fruit and peaches sold as low as 25 and 30 cents per box.

More Than Enough is Too Much.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale by L. S. SIMMONS.

In starting in the poultry business select the breed that you fancy. Don't choose one simply because someone has told you that it is the best breed on earth; there is no best breed. All have their good qualities. Select the one best adapted to your conditions and fancy.

Owen, Washington, fruit growers have been greatly benefited by heavy rains which recently visited that section.

Why Colds are Dangerous.

Because you have contracted ordinary colds and recovered from them without treatment of any kind do not for a moment imagine that colds are not dangerous. Every one knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgment. It is the same with all infectious diseases. Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by L. S. Simmons.

A Wireless Lovemaking.

[Original.]

Hester Temple's fad—every one has some fad—is boys. Any boy from two to fourteen interests her, and Frank Kimball, aged thirteen, is her best friend. Frank lives half a mile down the road from Hester's. Frank's fad is electrical knicknacks, of which his little bedroom is full. You can't get into it without ringing an electric bell.

Frank's latest acquisition is one of those new short distance wireless telegraphic machines. He has it rigged in a lounging space on the top of the house, where there are chairs, a table and a wicker sofa, all under an awning. He has learned to send messages to Hester Temple, half a mile up the road, who also has a machine—he put it up for her—and she replies to them.

"My automobile will be here next week. Father says so. It's a dandy," Frank telegraphs. "What lovely rides we shall have!" Hester replies. "We can run away together." "And get married. Won't it be splendid?" "How old will you be when I'm twenty-one?" "I'll be twenty-eight." That won't be so much difference as there is now, will it?" No, it won't be very much." And Hester smiles at the boy's interest in the matter.

One fine summer's day recently Frank's grown up cousin, Clarence Davenport, an electrical engineer—science runs in the family—came to his uncle's to spend his two weeks' vacation. In the morning he went up on to the roof to lounge and smoke. The first thing that caught his eye was the wireless machine. He went up to it and rattled the key a bit. In a moment there came a message. "Is that you, dear boy?" Davenport replied that it was. "I understand that your cousin has come up from the city." "He has." "Is he nice?" "Nice doesn't express it; he's a jim dandy." "Handsome?" "A perfect Apollyon." "What's that?" "I mean Apollo." "Oh!" "How long is he going to stay." "Two weeks. What makes you take so much interest in him?" "Don't be jealous, dear; I won't desert you for any one else." There was a pause. Clarence, who wondered as to the age of Frank's sweetheart, asked, "What's your birthday?" "Why do you ask?" "I've got a present for you." "Next December." "How old?" "Twenty-one." "Do you know what I'm going to do?" "What?" "I'm going to marry you before that next birthday." If it had been a telephone instead of a telegraph Clarence Davenport would have heard a merry laugh. What he did hear was, "Very well; I'm agreeable." "Is it a promise?" "Certain, sure." "See that you don't go back on it."

"Frank," said Clarence a little later, "how would you like to go to the city and spend a week or so with your aunt?"

"And go to the shows and such things?"

"Yes."

"I'd like it bully."

The next day Frank was sent to town. Before leaving he tried to say goodby to Hester, but there was a connection in his machine missing, and he failed. After [illegible] Clarence called up Hester [illegible] wersed with her for an hour. Personating Frank, he told her that his Cousin Clarence was a regular crackerjack. Clarence was going to take him to the city and show him all the sights. Hester told her correspondent to be sure not to go without saying goodby, whereupon Clarence asked her if she would give him a parting kiss. Hester replied that she never kissed boys after they were thirteen, and he being thirteen and a half she must decline. But he pleaded hard, and she promised to give him just a little bit of a one.

Every morning for ten days Clarence called up his correspondent. She asked him why he never came over to see her, and he always had a good excuse. Finally he told her he was about to go to town with Cousin Clarence and would go over the next afternoon to claim that parting kiss. At the time appointed after a glance at the mirror he strolled up the road. On reaching the Temple home he sent up his card to Hester. She came down somewhat surprised at seeing him instead of Frank. He said that he had intended to give himself the pleasure of calling before, but had been resting.

"And where is Frank?" she asked.

"Frank went to the city nearly two weeks ago."

"You must be mistaken. He has been talking with me by wireless every day."

"I'm sure he has not been at home for ten days."

The lady looked puzzled.

"Possibly," said Clarence, "you may have a friend in the spirit world or in the flesh who has been talking to you."

Hester looked half frightened and blushed.

"Have you promised him anything?"

Hester blushed some more.

"A kiss?"

She reddened like a rose.

"To marry him?"

Her face grew positively scarlet.

"Heaven grant that you have not a ghost lover who has been talking to you through the ethereal blue and who will carry you off to spirit land."

Suddenly an idea came to her. Her eyes snapped ominously. Then she turned, Juno-like, and swept out of the room.

There is a sequel to this story which would require far more time to tell. It involves a pleading for forgiveness, a positive refusal, a weakening, penance and absolution. Then electricity and the atmosphere gave place to pen and ink and the mails. Lastly there was a confirmation of the airy promise made under deception, sealed by the promised kiss. IRENE C. ADAMS.

Turkish Farriery.

Turkish horseshoes are simply a flat plate of iron with a hole in the middle. In his volume of "Personal Adventures" Colonel J. P Robertson describes the extraordinary method of preparing the horse to be shod.

The farrier takes a good long rope, doubles it and knots a loop at the end to about the size of a good large horse collar. This is put over the horse's head after the manner of a horse collar, the knot resting on the horse's chest.

Easy to Mix This

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription, which is said to be a positive remedy for backache or kidney or bladder derangement, if taken before the stage of Blight's disease:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces Shake well in a bottle and take in teaspoonful doses after each meal and again at bed time.

A well-known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic afflictions with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

Wise Talks by the Office Boy Repeated

Ma says, "Train up a hired girl in the way she should go and the first thing you know she's gone." It is about the same thing with good goods. If they have the intrinsic value, are priced right, the first thing you know the're gone. On every hand you hear men complaining that there is no business. You see flaring announcements, "Retiring from business," or "Bankrupt stock for sale," still our business keeps on going right ahead and growing. Lots of people ask our salesmen. "How do you people get such a run of trade?"

There is only one answer. "By trying to deserve it." I don't believe you can go into any store in town and find the prices as low as we quote them. I mean for anything you would care to wear. True you can get a lot of odds and ends, or impossible things, but you'd be ashamed to be seen on the street wearing them. Take our line of $22 50 suits, 50c underwear, 25c hosiery, $1.00 shirts, $2 00 hats, 50c neckwear. Beat them if you can. Come in and buy some real good goods. We buy them back at full price if not satisfactory.
